Idaho National Lab post FY '15 Mission Work Industry Day Request For Information & Capability Statement Submission

David H. Hess

Environmental Management Consolidated Business Center
Assistant Director, Office of Contracting

December 4, 2013

IDAHO SITE, EM POST FY 2015 ACQUISITION PLANNING

- DOE is seeking interested parties with specialized capabilities necessary to successfully perform all or a portion of the Elements of Scope for efforts at the Idaho Site post FY 2015
 - Small Business Opportunity Considerations
 - Fixed Price Contracting Considerations
- Seeking interested parties to provide ideas and acquiring feedback regarding innovative approaches for the division or aggregation of scope elements as well as insight into contracting alternatives (number of procurement(s), types of contract(s), periods of performance, set aside possibilities, etc.) to achieve the EM goals at the Idaho site post FY 2015

EMCBC Request for Information Overview

Capability Statements should include the following information as appropriate and applicable to the ten (10) questions asked in the RFI

- 1.) Describe your ability and approach to meeting all or a portion of the requirements for the specific Elements of Scope, including innovative approaches for the division or aggregation of scope elements as well as insight into contracting alternatives (number of procurement(s), types of contract(s), periods of performance, set aside possibilities, etc.) to achieve the EM goals at the Idaho site post FY 2015.
- 2.) Identify any performance challenges and risks in meeting the requirements discussed in the Elements of Scope. Identify how your organization would minimize any risks such that there is reasonable assurance of successful performance. Also identify how a specific division and/or aggregation of scope element(s) or potential contracting alternatives could be utilized to minimize such risks.
- 3.) Identify potential areas within any Element of Scope that may be appropriate for a fixed price contract structure along with any associated pricing challenges and risks. Provide specific feedback for type of information required from DOE to support development of a fixed price proposal for any Elements of Scope.

EMCBC Request for Information Overview

- 4.) Describe your experience in a complex regulatory environment in respect to problem-solving, working with various stakeholders, tribal governments, Citizens Advisory Boards, and regulatory agencies at the state and federal level.
- 5.) Discuss your experience as a DOE Prime contractor. Include a description of the work scope, contract value, contract type, period of performance and lessons learned.
- 6.) This work will be conducted throughout multiple complexes and facilities within the Idaho site and will require interface with the Management and Operating (M&O) contractor. Discuss your experience regarding such interfaces. Providing examples of previous experience, describe your company or teaming arrangement's experience in managing and integrating all of the work similar to specific Elements of Scope included in your Capability Statement, including the continuing infrastructure activities (e.g. janitorial and grounds keeping services; operations, utilities, and maintenance of facilities) under a single contract. Also describe your experience in managing and integrating the work of subcontractors who would perform specialty functions or subcontractor employees working within the site's organizational matrix.

EMCBC Request for Information Overview

7.) Discuss your experience in implementation of environmental, safety and health plans related to your (and any teaming partners) work on DOE sites with large industrial and nuclear facilities. This discussion should address your approach to addressing requirements under 10 CFR 830 and 10 CFR 835 related to Nuclear Safety, Quality, and Occupational Radiological Protection; 10 CFR 851 Worker Safety and Health; Work Control Program, NQA-1 and ISMS.

8.) Discuss your project management/project control system you would utilize for any resultant procurement supporting the Idaho Site post FY 2015, including information on the project control system you currently utilize for your company and how it will be tailored for any resultant procurement.

9.) The contractor may be required to participate in the multi- employer pension and welfare benefits plans for the existing workforce covered by such plans while performing the requirements of any resultant procurement supporting the Idaho Site post FY 2015. Discuss your experience (or that of any teaming partners) in sponsoring employer pension and benefit plans at DOE sites.

10.) Brief Experience and Performance Record (past five years). Identify all DOE, other Government, or other commercial experience relevant to this RFI (include contract number, date, scope, duration, client, and contracting agency contact).

EMCBC Request for Information Overview

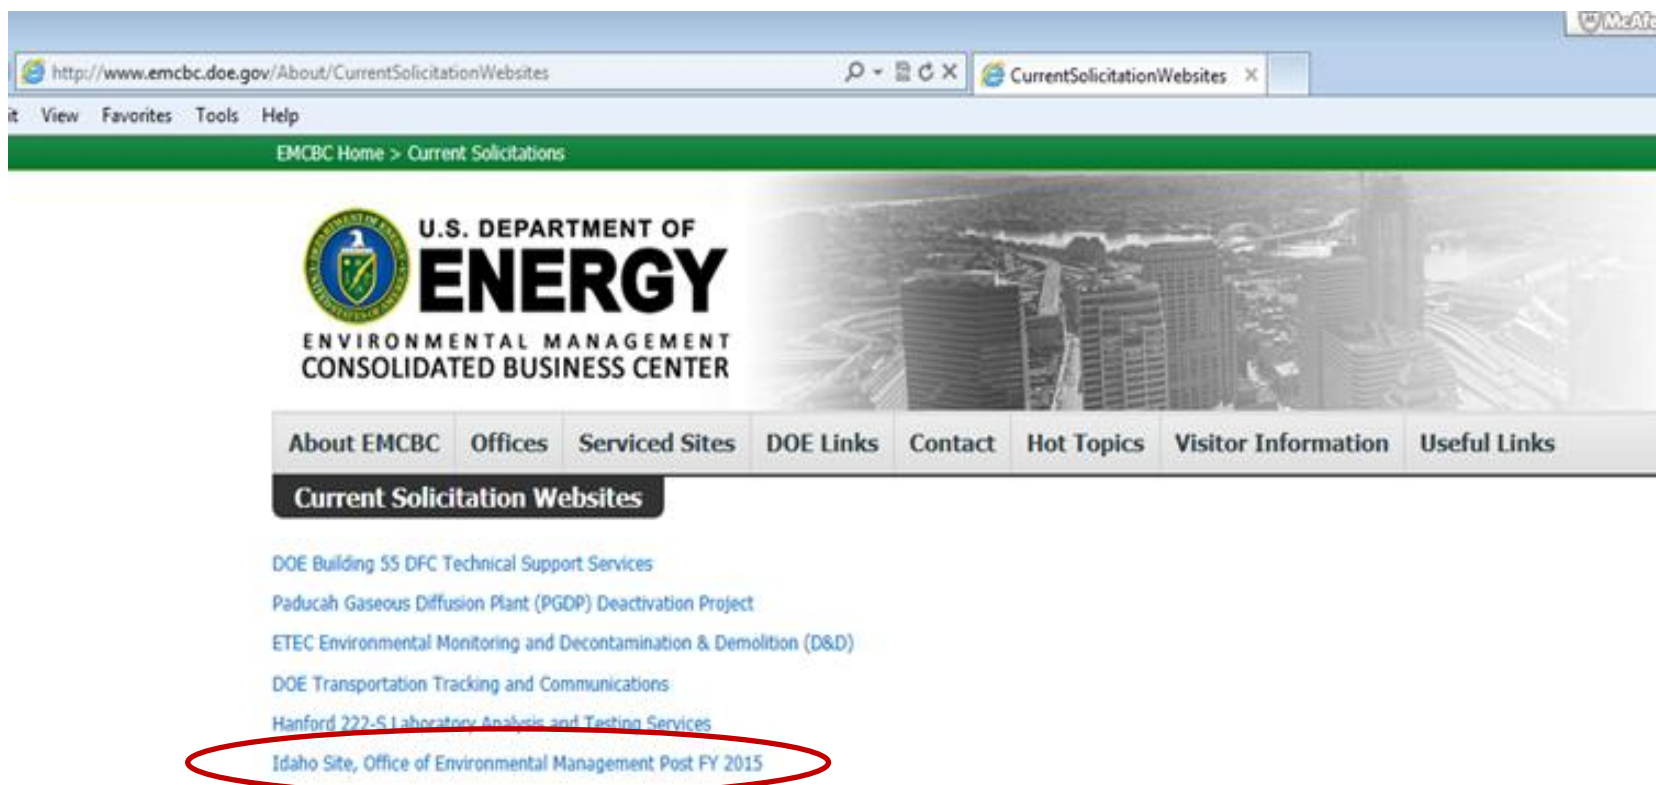

- Please monitor the website as updates will continue to be made from information generated from the Industry Day
- Details for the RFI can be found on the Federal Business Opportunities (FBO) website at:

https://www.fbo.gov/index?s=opportunity&mode=form&id=feb19fc17e2864d408e8f4a9a34f38f3&tab=core&_cview=0

- The DOE EM Consolidated Business Center (CBC) also created a procurement website where additional information will be provided which may be viewed here (as referenced on FBO):
